- Redirects Treatment Area Managers to perform secondary triage of patients using the Trauma Triage categories.
- Ensures patients are “packaged” for transport.
- Coordinates the movement of patients to Transportation Area.
- Maintain written records of patients using triage tags and Treatment Areas Status Boards.

Ongoing Actions:

- Requests additional staffing and resources through the Medical Group Supervisor.

Immediate Treatment Manager

Reports to: Treatment Unit Leader

Assignment Location: Immediate Treatment Area

Talk Group: _____ **Radio call sign:** as assigned

Skills needed: EMTs and paramedics with experience in BLS and ALS as appropriate.

Mission: Supervises treatment and re-triage of patients assigned to Immediate Treatment Area.

Immediate Actions:

- Establish medical teams as necessary; request personnel from Treatment Unit Leader
- Assign treatment personnel to patients received in the Immediate Treatment Area
- Perform secondary triage of patients.
- Ensure that patients are prioritized for transportation.
- Ensures patients are “packaged” for transport.
- Coordinate transportation of patients with the Transport Unit Leader
- Notify Treatment Unit Leader of patient readiness and priority for transport.
- Assure that treatment is documented and patient information is recorded on triage tags and patient status boards.

Ongoing Actions:

- Request additional resources and personnel as needed.

Delayed Treatment Manager

Reports to: Treatment Unit Leader

Assignment Location: Delayed Treatment Area

Talk Group: _____

Radio call sign: as assigned

Skills needed: EMTs and paramedics with experience in BLS and ALS as appropriate.

Mission: Supervises treatment and re-triage of patients assigned to Delayed Treatment Area.

Immediate Actions:

- Establish medical teams as necessary; request personnel from Treatment Unit Leader.
- Assign treatment personnel to patients received in the Delayed Treatment Area
- Perform secondary triage of patients.
- Ensure that patients are prioritized for transportation.
- Ensures patients are “packaged” for transport.
- Coordinate transportation of patients with the Transport Unit Leader.
- Notify Treatment Unit Leader of patient readiness and priority for transport.
- Assure that treatment is documented and patient information is recorded on triage tags and patient status boards.

Ongoing Actions:

- Request additional resources and personnel as needed.

Minor Treatment Manager

Reports to: Treatment Unit Leader

Assignment Location: Treatment Area

Talk Group: _____

Radio call sign: as assigned

Skills needed: EMTs and paramedics with experience in BLS and ALS as appropriate.

Mission: Supervises treatment and re-triage of patients assigned to Minor Treatment Area.

Immediate Actions:

- Establish medical teams as necessary; request personnel from Treatment Unit Leader
- Assign treatment personnel to patients received in the Minor Treatment Area
- Perform secondary triage of patients.
- Ensure that patients are prioritized for transportation
- Coordinate transportation of patients with the Transport Unit Leader
- Ensures patients are “packaged” for transport.
- Notify Treatment Unit Leader of patient readiness and priority for transport.
- Assure that treatment is documented and patient information is recorded on triage tags and patient status boards.

Ongoing Actions:

- Request additional resources and personnel as needed

Treatment Dispatch Manager

Reports to: Treatment Unit Leader

Assignment Location: Treatment Area or between Immediate, Delayed and Minor Treatment Areas

Talk Group: _____

Radio call sign: Treatment Dispatch Manger

Skills needed: EMTs and paramedics with experience in BLS and ALS as appropriate.

Mission: Coordinates movement of patients between Treatment Area to Transport Area with Patient Transportation Unit Leader (or Group Supervisor if established).

Immediate Actions:

- Establish communications with the Immediate, Delayed, and Minor Treatment Managers.
- Establish communications with the Patient Transportation Unit Leader.
- Verify that patients are prioritized for transportation.
- Verify that patients are “packaged” and ready for transport.
- Advise Medical Communications Coordinator of patient readiness and priority for transport.
- Coordinate transportation of patients with Medical Communications Coordinator.
- Assure that appropriate patient tracking information is recorded.
- Coordinate ambulance loading with the Treatment Managers and ambulance personnel.
- Maintain Unit/Activity Log (ICS Form 214).
