

EMERGENCY MEDICAL RESPONDER (EMR) CERTIFICATION PROCESS

PURPOSE

To establish a process by which individuals obtain Yolo County Emergency Medical Services Agency (YEMSA) certification as an EMR.

AUTHORITY

Health & Safety Code, Division 2.5, Chapter 4, Article 1, §§ 1797.204, 1797.210, 1797.212
California Code of Regulations, Title 22, Division 9, Chapter 1.5, Article 4, § 100026

DEFINITION

Emergency Medical Responder: is an individual who is specially trained to provide out-of-hospital care in medical emergencies but have a very limited Scope of Practice with the least amount of comprehensive education, clinical experience or clinical skills. They typically assist in rural regions providing Basic Life Support (BLS) where prehospital health professionals are not available due to limited resources. They have successfully completed an EMR course that meets the requirements of the California Code of Regulations, Title 22, Division 9, Chapter 1.5, has passed all required tests, and has been certified by a California EMR certifying entity.

POLICY

- I. YEMSA certification is required for all prehospital personnel functioning as an EMR in the YEMSA region.
- II. This policy does not apply to personnel who are certified by another EMR certifying entity (CAL FIRE, California Highway Patrol [CHP], etc.).
- III. No individual shall hold himself or herself out to be an EMR unless that individual is currently certified such by YEMSA or another EMR certifying entity.

PROCEDURE

- I. Initial EMR Certification Requirements
 - A. An individual who meets one (1) of the following criteria shall be eligible for initial certification upon fulfilling the requirements specified in item (B) of this section of the policy:
 1. Pass the written examination and skills examination and have either:
 - a. A valid course completion record, dated within the past twelve (12) months, from a YEMSA Approved EMR training program, or
 - b. Possess a valid course completion record or other documented proof of successful completion, dated within the past twelve (12) months, of any initial training program that meets or exceeds the United States (U.S.) Department of Transportation (DOT) Emergency Medical Responder National Emergency Medical Services Educational Standards and Instructional Guidelines, or,

- B. In addition to meeting one (1) of the criteria specified in item (A) of this section of the policy, to be eligible for initial certification, an individual shall:
1. Be eighteen (18) years of age or older.
 2. Complete a criminal history background check no longer than sixty (60) days prior to the date the certification application is submitted.
 3. Complete an application form that contains this statement: "I hereby certify **under penalty of perjury** that all information on this application is true and correct to the best of my knowledge and belief, and I understand that any falsification or omission of material facts may cause forfeiture on my part of all rights to EMR certification in the State of California. I understand all information on this application is subject to verification, and I hereby give my express permission for this certifying entity to contact any person or agency for information related to my role and function as an EMR in the State of California."
 4. Disclose any certification or licensure action:
 - a. Against an EMR, EMT, Advanced EMT, or EMT-II certificate, or any denial of certification by a California Local EMS Agency, including any active investigations;
 - b. Against a Paramedic license, or any denial of licensure by the California Emergency Medical Services Authority (EMSA), including any active investigations;
 - c. Against any EMS - related certification or license of another state or other issuing entity, including any active investigations; or
 - d. Against any health-related license.
 5. Pay the established certification fees, which are non-refundable and non-transferable and provide copies of the following:
 - a. A course completion record or current certification card from another certifying entity indicated in item (A) of this policy.
 - b. A copy of a valid U.S. state-issued driver's license or identification card.
 - c. A copy of a current and valid Cardiopulmonary Resuscitation (CPR) certification card which is taught to the curriculum standards of the 2015 American Heart Association (AHA) Basic Life Support (BLS) for Healthcare Providers CPR/Automated External Defibrillator (AED) Program, or equivalent level.
- C. Upon completion of the above, and confirmation that the applicant meets all the criteria specified in the California Code of Regulations, Title 22, Division 9, Chapter 2, Article 4, an individual shall be certified as an EMR. YEMSA shall issue a wallet-sized EMR certificate card within ten (10) business days which is valid throughout the State of California.
- D. The effective date of initial certification shall be the day the certificate is issued.
- E. The expiration date for an initial EMR certificate shall be as follows:
1. For an individual who meets the criteria listed in item (A.1.a) or (A.1.b) of this policy, the expiration date shall be the last day of the month two (2) years from the effective date of the initial certification.
